About

Society Management Software is the India's 1st Society Software which is connected with your Local People. It is made to assist and solve Society's Maintenance issues, Maintenance Follow-up , Meeting Notifications, Society's Grievances, Vendors Management and many more things. That is a reason Society Kingdom is became very special in Society's Management System area.

Security and Support Policy

software is very Secured and we followed all possible Security Methods. We gives Chat Support, Email Support, and Telephonic Support that is why it is became very popular in short period

Social Agenda

We do Social events in Societies i.e. Health Camp, Compost Fertilizing, Water Harvesting, Solar Energy and Awareness Camps.
